for the moment I need only one sample.
 then I have to adapt my firmware in order to use
 the chip that is not quite easy.
 after I could sell some boards but no idea of the
 quantity.

sorry to bother you again.

I would be interested for the moment by:

2 - chip controller CH180 plus Epson printing mechanism M180 at EUR44.50

but does it include the ribbon for the printer.

if no could you make a price with the ribbon

also for 2 pieces.
